ELKS GREAT SANTA CLAUS NIGHT OPEN TO ALL FOR JITNEY A THROW

The stage is set, the talent is here, the burlesque, vaudeville and dramatic stars specially engaged for the big Santa Claus stocking carnival under the auspices of Tonopah Lodge of Elks, have arrived, and all that is wanted is the crowd that will be supplied this evening. The attractions are better than any that have been presented in the past and a number of new faces will appear on the program. This is the first jitney festival of the order at which everybody is welcome and to the success of which all are willing to contribute their mite. Nothing will cost more than a jitney and with that sum the pleasure seekers will find a surfeit of attractions.

The booths have been finished and the decorators have completed assembling the works of art and arranging the floral display, so there will be no delay after opening the doors this evening. It will be a continuous performance, taking the visitors through Candelabrum brimful of novelties and interesting features. Then there are the punch boards, the wheels of fortune, where for a jitney one may win a precious souvenir of the occasion.

INFLUENCE MAY END THE FIGHTING

(Continued from Page 1.) be ready to relinquish Klauchau. The security of Turkey in possession of Constantinople would probably be insisted upon by the central powers, as well as the restoration of Albania.

The whole German view of the peace move is that it is a step toward a discussion of peace terms, which ought to show some definite progress early in January. "I am, of course, extremely gratified," said Count von Bernstorff, "at the step that has been taken. I hope that it will be successful. Even if it does not lead to peace, it offers proof that Germany wants peace, even after a victorious campaign, and does not desire the responsibility for further suffering of mankind, loss of life and property. Germany wants peace and does not desire conquest. I cannot say anything about the terms."

A Whistler Story.

When Whistler had not yet reached the height of his fame a millionaire called at his studio and wanted his wife's portrait done.

"How much will you charge me, Mr. Whistler," he said, "for a life size picture of the madam?"

"My price," said Whistler, "will be \$2,500."

The millionaire took up his hat and stick.

"Why," he snorted, turning to go, "you expect to be paid for your work as if you had been dead four or five hundred years?"

Sarcastic. "You can't tell—that boy of Todd's may be a congressman some day."

"Indeed! Why, I thought he seemed quite bright."—Life.

The prizes are said to include some of the most costly ever given away on such an occasion and those who have a lucky hunch can not do better than stay with the game until the lucky number rolls out.

For the dancing set there will be Goldsmith's orchestra, which stands as the best in the west. The leader will introduce some choice features that have never been heard in this section, and all it will cost is a jitney a dance.

The general committee in charge of the arrangements this year is composed of Bros. Henry C. Schmidt, L. O. Mellor, Geo. J. Murphy, Frank J. Cavanaugh, Branch H. Smith and A. H. Keenan.

All articles to be raffled or given by chance are of the finest quality—no cheap articles at all. MOST SUCCESSFUL SEASON OF BALL

NATIONAL LEAGUES DISCUSS ROUTINE BUSINESS THE FIRST DAY

(By Associated Press.) NEW YORK, Dec. 13.—Routine business occupied the National league here during the first session. The more important subjects, such as changes in the world's series regulations, the international league defiance of the National commission in the matter of the \$9000 award to the Brooklyn club, the Barney Dreyfuss-Garry Hermann controversy, and the possible reprimand of Manager John J. McGraw of the New York Nationals for his outburst against his players in the final Brooklyn-New York series at the close of the pennant season, were not mentioned.

President Tener's report commented on the restoration of peace in baseball, which resulted in the league as a whole enjoying its most successful season, the attendance in 1916 being greater than in any other year in the history of the league, surpassing the previous banner year of 1909.

Secretary Heydler's report showed 98 postponed games during the season, of which 22 were in April and 25 in June. Boston, Brooklyn and Pittsburgh suffered most, each having 16 postponed. In St. Louis there were only six postponements. Four games remained unplayed. Ninety-nine double headers were played during the season, 14,774 baseballs were used, an increase of 1526 over the 1915 season. New York used the greatest number and Pittsburgh the least.

IF YOU HAVE ENGINE TROUBLE, READ THIS

When the ignition system of an engine depends upon a battery, the possibility of trouble is evident—so much else depends on that battery, too.

Ignition should be alone, independent of all other units; it should be produced by a good magneto which performs no other function than producing reliable and efficient ignition. When you have magneto ignition, then and only then can you be free of puzzling ignition worries and starting difficulties.

Special Bosch Attachments for the installation of the reliable Bosch Magneto to replace ignition systems depending upon batteries or dynamos are now available.

Brackets for installing Bosch Magnetos on Ford and Hupmobile cars carried in stock.
